HOW TO DO ?

During July 2018 there will be a lot of events (commemorative, sportive, cultural...) in the North East of France. More around the Bastille Day, and the commemoration of the end of the WW1. So hotels are already booked. To prevent this situation, our organization decided to book 140 rooms.

Please contact the organization directly to define your needs. We will be the link between you and the manager of the hotel. We pay all room rentals (in advance in May) as well as breakfasts. These costs will therefore have to be paid to us in May.

As soon as you ask us to take in charge your accommodation, we shall send you a form with the types of accommodations and their prices.

We will process the requests in the order of their receipt.
